MONEY POWER

The history of our country has been stained by no worse scandal than that which attends the Fall-Sinclair oil fraud. Jury tampering, which gives impetus to a discussion of the merits of the jury system, bribery, coercion, and grand theft are a few of the crimes for which our wealthy culprits are blameable. The indignation wrought up over this four-year controversy was stimulated by a strong prejudice of the American people toward men, and rich men, who were known to be criminal, and who were merely allowed the courtesy of a technical trial. Now we realize that no jury trial would be adequate. Men like Fall and Sinclair are not worthy of a just and fair trial. They not only have robbed America of her wealth, but have splashed her honor, and seem ready to overthrow the freedom and justice upon which her success is founded. At least Fall and Sinclair had a good jury, the best that money could buy.

MUSSOLINI

We admire Benvenuto Mussolini, and when opportunity comes around we express our respect. The cause of all this at present comes as a result of George Bernard Shaws' favorable attitude toward the Dictator. According to him, we should honor a statesman "who has achieved a dictatorship in a great modern state without a single advantage, social, official, or academic". He has become powerful in a remarkable fashion. After all, Italy is far better off today than she has been for many years. Then too, we can't forget that the first duty of a government is to govern, that the supreme law is safety of the state, and that anarchy demands stern measures, and that Mussolini follows that idea.

Girls' Glee Club Is Formed in J. C.

With the election of officers and completion of other details of organization, a college womens' glee club has lately been added to the roster of Santa Ana college societies.

Josephine Ball was elected president, Hazel Smith, vice president, and Jean Nicholson, secretary.

Santa Ana Meets Loyola In No-Decision Debate

A practice debate was held between the Santa Ana junior college negative team and the Loyola college affirmative team, on Monday afternoon, November 28.

The subject of the debate was: Resolved that a superior nation is justified in forcing its civilization upon an inferior nation. The negative was upheld by David Cherry and Thelma Dugan of Santa Ana, and the affirmative by Mr. Meade and Mr. Indovina of Loyola.

The heckling style of debating was used, whereby a debator may rise at any point during the debate and question his opponents.

As it was a practice debate, no decision was handed down.

Next Wednesday Is Hello Day

Y.M. and Y.W. Decide This is Solution of Dating Problem

Bashfulness of the males, decided the campus Y. M. and Y. W. at their joint dinner and meeting last night, is the final cause of the dating trouble. A solution to the problem was offered and adopted in the plan of a Hello Day, to be held next Wednesday.

Hello cards are to be sold, two for five cents, by the Y. W. The object is to have as many signatures on the card as possible at the end of the day. In this way, it is thought, new acquaintances will be made and old ones cemented. Men, of course, are to lose their bashfulness in the process.

A date day to come a week later is being considered. These two special days and an after school dancing party are expected to solve the difficulty of placing bids for the Christmas dance.

"Blossom Time" Is Beautiful Operetta

By The Playgoer

A beautiful ode to the art of music! No better words than these express the theme and music of "Blossom Time", the light opera given at the Mission playhouse in Fullerton last Monday evening.

The opera, which is the story of the life of Franz Schubert, abounds in beautiful, light tunes. The climax comes when Schubert, disappointed by the girl he loves, sings his "Song of Love" to the love that will never fail him, music.

The Mission playhouse was filled to the last row. The performance was the only one in Orange county and music lovers from miles around were there to witness the most popular opera of modern times.

Committee At Work On County College

Whether the Santa Ana and Fullerton junior colleges will consolidate into one large college still remains a question which is now under discussion of a committee appointed by the associated chambers of commerce to consider the proposition.

A member of the education department of U. S. C. will be asked to consult with them before deciding anything definite. This suggestion was presented at the last meeting of the committee by D. K. Hammond. The purpose of such action is to obtain outside opinion on the proposition.

Richard Haliburton is Booked for Ebell Club

Richard Haliburton, noted modern author, will appear before the Ebell club in two weeks. Haliburton is the author of the "Glorious Adventure" and the "Royal Road to Romance." This is an opportunity that college men and women should grasp.

Vocational Exams

You don't have to be crazy to pass a vocational test, but it helps!

This seems to be the opinion of many students who took the test last Wednesday.

We hope for a good grade for the young man who reasoned that since "Zulu" began with a capital, it must have two legs.

As only six men made perfect scores in these examinations when they were given to two million army recruits, not many 100 per cent papers are expected in our college.

Today's Assembly Is For Women Only

Delegates to Report on A.W.S. Convention at Redlands

Vera May Smith, Julia Cummings, and Joy Wilson will report in a women's only assembly today on the conference of Associated Women Students of Southern California colleges, held at Redlands university.

Representatives from the University of Southern California, Pomona, Redlands, and Occidental college, teachers' colleges at Santa Barbara and San Diego, and numerous junior colleges were present at the conference.

Mrs. Robert Northcross, dean of women, will give a short address.

Average of "D" Required at J. C.

Students of Santa Ana college failing to secure an average scholarship of "D" per unit of work will be dismissed at the end of the semester, according to a new ruling.

Regular students not passing in at least 9 units of work will be dismissed at any time during the semester. Last year students were required to be passing in at least 10 units of work, making it somewhat harder to remain in college. Limited students must be passing in all their enrolled work.

After an interval of at least one quarter, students who were dismissed as a result of poor scholastic standing may be reinstated on probation by action of the faculty.

Walker and Gerhardt Open League Debating Next Friday With Pasadena

Hopes are High for Placing in Lead in Southern California Junior College Debating Conference this year

Board Decides On Admission to Games

Tickets to Sell at 25c to Students and 50c to Adults

Tickets for single basketball games will sell at 25c to students and 35c to adults; those for two games will sell at 25c to students and 50c to adults. This decision was made at the meeting of the board of control last Monday.

Those things which the board wants the delegates to the coming conference at Stanford to report on were discussed. The most important of these include the management of finances, proportionment of money from mens' athletics, kinds of assemblies, and interest in forensics and social activities.

Contest Songs Will Be Sung in Assembly

By Bill Fox

Definite information has been received that information will be received about the new Ford on Dec. 2. But the most important event of that day is the closing of the song contest.

All songs must be handed to Bill Fox before that day. The elimination committee composed of Miss Macartney, Mr. Mustol, and Charles Haas, will choose the best composition and Hazel Smith will sing them in assembly on Dec. 7. The student body will vote to choose the winner of the five dollar gold piece offered by the Don.

Although the time left is short, there is still enough for fast workers who have not yet begun to write songs. If any help is needed Miss Martin is willing to give it.

Meeting Held For Special Editions

El Toro and the Christmas editions are scheduled to appear in the near future. In view of this fact the Don staff met at Ketner's Wednesday evening the twenty-third to discuss plans for the special editions. Dinner was served to the staff before the business meeting took place.

Fullerton Y. W. Will Be Host At Pot Luck Tues.

The Fullerton Y. W. has invited the Santa Ana Y. W. to be their guests at a pot-luck supper December 6.

All girls who can furnish cars are urged to bring them, in order to have sufficient transportation for the twenty-five girls who will go.

Girls will leave the Hut about 5:30 o'clock and supper will be served at 6:30 o'clock.

With hopes of placing in an enviable lead in the Southern California junior college conference, Santa Ana college varsity debaters enter next Friday night into what is expected to be spirited tussels.

James E. Walker, sophomore, and Edward Gerhardt, freshman, will meet Pasadena junior college debaters here in college hall at 8 o'clock, while Thelma Dugan and David Cherry, freshmen, journey to Compton for a 10 o'clock tourney at a student assembly.

Walker and Gerhardt will attempt to prove that a nation with a superior civilization is justified in forcing civilization upon an inferior nation. Miss Dugan and Cherry will uphold the negative of the question, which is conceded to be the most popular side.

The question promises to bring much heckling and finely drawn considerations into play, for it is both pertinent to modern thought and broad in meaning.

All of the college debaters with the exception of Walker, have had some experience in forensics in high school. Walker was in both debates and an oratorical contest last year.

Judges will be from Southern California university, Pomona college, and Whittier college.

John Fitz, commissioner of forensics, announces the debate as one of great interest. "None of the old-fashioned stuff, but one with lots of pep", said Fitz.

Pasadena J. C. Team Bound for Hawaii

PASADENA, NOVEMBER 25, (Ass'n) — Bound for Hawaii aboard the President Taft, the Pasadena junior college football squad left the Golden Gate for the islands at four o'clock. The Pirates will play St. Louis college two days after the ship reaches the Aloha harbor on December 1.

Nineteen men, accompanied by Coach Frank Baker and Dean Wallace Howlin, left Glendale three hours after the final conference game with Compton on Thanksgiving Day. Many well-wishers were present to see the team off.

According to word received by Coach Baker, the Alohas are light but are a fighting team, and good enough to offer the Pirates plenty of competition. Pasadena, however, has the record of being defeated in only one of its conference games, and that early in the season.

A guarantee of five thousand dollars has been given to the Pasadena student body to cover the expenses of the trip.

College Stationery Will Be On Sale This Week

Theodora Mueller, chairman of Ways and Means for the Y. W., announced that Don stationery will go on sale this week. It may be purchased in considerably small lots of ten envelopes and twenty sheets of paper.

Need an Orchestra

IT SEEMS a pity that a good college like ours should not have a good orchestra. There is talent here, but what can the director do if people do not sign for orchestra class? He is working hard with the people he has, but there are not enough for a good orchestra.

Santa Ana college gives credit for orchestral work; so students who are enrolled for it are helping themselves as much as their school. Good music is good advertising and that is one thing we need.

College—A Beautiful Experience

The following is a portion of an address given by Earnest H. Wilkins, President of the Oberlin College, Ohio, to the student body. Because of the sincerity, beauty, and inspirational quality of the article it was chosen for publication.

College indeed exists to shatter your limitations in time and space; to add new dimensions to your experience; to bring you face to face with men and women, otherwise remote, who have something to say to you. Isaac Newton is in spirit here, and Darwin and Michelson; Plato, William James and Bertrand Russell; Joan of Arc; Joseph Conrad; Velasquez, Monet, Michael Angelo; Beethoven, Bach, Debussy; Fosdick, Francis of Assisi, Paul of Tarsus.

For these spirits do indeed live

and move, transcending time, transcending distance. They live for you here in books, in color, in sound, and in the minds of those who have won their friendship. And it is not merely fanciful to say that they are eager to know you, to pass on to you their discoveries, their experiences, their philosophy of life.

You are in truth the heirs of all ages.

But you are more than that. You are yourselves. You are living here and now. Days will bring you sunshine and color and wind and sport and freedom. Nights will bring you stars and hearth fires and bon fires and song and peace. You will be growing in vision and in power, and will have the joy of that growth. You are in life now. Live, then, and so live that each day enrich both itself and the days that are to come.

Other Colleges

"Little Women" has been chosen as the first dramatic presentation of the year at the San Bernardino junior college. Although the college has no dramatics department, the play will be made possible by the Y women, the college branch of the Y. W. C. A. This organization is to sponsor the production and has opened cast tryouts to the entire student body.

San Bernardino Valley junior college, which is in new buildings and has its own campus this year, will have its \$77,000 gym completed during the Christmas holidays. A Spanish style library which will reach the \$60,000 mark before completion, is now well under way. When the entire plans for the college are completed San Bernardino will have a group of eight buildings. The college is located more than three miles from the high school and both institutions are independent of each other in every way.

Cook's Comments

By Lyle Cook

There has been hardly a letter received here since school has been in session but what has contained this question, "How about dating at Stanford?" Now as a matter of fact, it assumes the fine, enjoyable course of naturalness which has ever been typical of that sort of thing since the days of Neanderthal man. It is probably more handicapped here than at most other places, however, because of lack of subject matter. Five hundred women comprise total of Stanford's dating list. Of this number, as would naturally be assumed, only a certain percentage approach shrine with unwavering footsteps. The percentage, of course, varies with the subjective valuation of erudite men in inverse proportion to their eruditeness.

However, less this sound disheartening to those aspirants of collegiate experience who have yet separated their habit from their ideals, let me say this word of encouragement. There are other institutions, some nearby, and others more pleasingly distant, which have a surplus of coeds, who I am told surpass in fairness all applications of that word on this campus. It is also true that they may be sought in that same old naturalness of promptitude which characterizes all other seats of learning. There is one rule which must be obeyed, "Don't go away too far or stay too long." All of the women are bound by law to either make a night of it or else to return by one or two of the clock. The hour is determined by the

Santa Ana Humbles Citrus 32-0

Fumbles Pave Way For Large Score

By Ray Lindman

Smacking the Citrus junior college eleven 32-0 in a "turkey tussle" that the city council could not stop, the Santa Ana Dons' grid machine closed the most successful football season in the history of the school last Thursday. They won four games out of seven and defeated Compton, the champions of the league.

Dons Open up Early

The Dons opened up early in the game placing the score at 13-0 in the first quarter. In the second quarter several substitutions were sent in and the boys quit fighting for the first time this year. The visiting team was held from a score on the 1 yard line. For a while the game was in doubt, but the Dons came back after the half with a new spirit and completely overwhelmed the Azusa aggregation.

The game opened with Santa Ana kicking. Forcing the Citrus team to kick on the last down, they received a beautiful punt on their own 29 yard line. Twist put the ball on Citrus 20 yard line with a long end run of 50 yards. Twist and Beatty advanced the ball to the 6 yard line from where Beatty plunged over on a delayed buck. Weaverling converted the first kick made by the Dons this season in a league game. The second score came after when Stewart picked up a Citrus fumble and

Net Tournament Final Games Soon

Helen Drake and Alice Prather are to play the final rounds of the college women tennis tournament in the near future, according to Helen Drake, tennis manager.

After the finals, the winners are playing the consolation winners in a "consolation game." Dorothy Dungan is in charge of this game. The progress of the two sets of games are on the bulletin board in the gym and in the college hall.

According to Helen Drake, another tournament will be held next semester. All girls who will be interested in this activity see Miss Anderson or Helen Drake, manager.

over on the next play. The kick hit the bar leaving the score 13-0. The quarter ended soon after.

Citrus Rallies

The second stanza was in favor of Citrus completely although they failed to score. Starting on their own 22 yard line, they drove down the field featuring a speedy boy named Pierce on yard-eating end runs. The Santa Ana boys were dazed, and were hoping for the gun to stop the on-slaughter. However, by a lucky break, Poorman recovered a fumble on the 1 yard line just when Citrus was almost assured of a score. Santa kicked just as the half ended. During the second quarter Coach Cook had sent in a number of substitutes which probably accounted for the slack.

After the rest period the Dons returned to the field with practically their original lineup. On the eighth play of the quarter, Hafer picked up a Citrus fumble. Twist went over on the next play from the 18 yard line on a beautiful double reverse. The kick was blocked.

Vance Makes Touchdown

It appeared for a while that the game would end with this score but in the last two minutes to play Cook sent in Davis as full. Vance who was playing full, according to previous instructions, shifted to right half. On the next play Vance went over for a touchdown on a 11 yard end run. It was the first time Vance has ever carried the ball, as far as the writer knows, since Cook's system calls for no play in which the fullback does the ball carrying. Weaverling kicked the second goal of the day.

Hafer Scores

This did not end the scoring however, for as soon as Citrus had received the next kick-off their man was tackled so hard by Casey that he dropped the ball into the hands of Hafer who romped over for another score. Weaverling failed to convert.

The next kick-off came near being a replica of the preceding one. Citrus, on the receiving end, fumbled.

HOW THEY COMPARED

Compiled from the Don sport staff records.		
Points made	32	0
Yards gained	260	147
Yards lost	21	27
No. of 1st downs	10	9
Yards penalized	30	25

CORRECTION

We wish to correct an error in last week's "How They Compared" in which it was stated that Santa Ana made 225 yards from line of scrimmage. The correct amount was 325 yards.

We also wish to call the Register's attention to the mistake they made in score of the Citrus game. It was 32-0, not 33-0, as the last goal was missed.

BRUINS RETAIN LEAD

Scoring 16 points to the Charley's Horses 14, the Bruins were able to retain their record as the undefeated girls' basketball team, last Wednesday. The lineup:

led. Farrar picked it up but was stopped before he could run over. The game ended before the next play could be put in motion.

Line Teamwork Lacking

The tight playing of the line, so evident in the Compton game, was entirely lacking in the Citrus contest which of course was to be expected as the Azusa team is comparatively weak. Poorman, who played for the time this season, is to be complimented on his work in backfield. He played a fine brand of football.

Pierce of Citrus Fast

The Citrus team played a worthy game. Pierce, their right half, is a boy that bears watching. He is one of the fastest runners the writer has seen in the league this season although he is not shifty.

The lineup follows:

Santa Ana		Citrus
Stewart	REL	Richards
Weaverling	RTL	Failor
Casey	RGL	Hudspeth
Woodington	C	J. Wilson
Fitz	LGR	C. Wilson
Bradberry	LTR	Ward
Hafer	LER	McIntire
Beatty	Q	R. Smith
Luck	RHL	Gravell
Twist	LHR	McHann
Vance	F	M. Smith

Pasadena Wins 7 to 0

PASADENA, NOVEMBER 24, (ANS)—Playing one of the hardest games that has been seen in the conference this season, Pasadena secured a 7-0 victory over Compton in the Thanksgiving day game in the Rose Bowl at Pasadena.

Pasadena's lone touchdown was the result of a forward pass thrown by Slick Stocks, Pasadena's star half back. Another forward from Arnold to Stocks gave Pasadena the point after the touchdown.

One of the features of the battle was the spectacular line plunging of Dick White, Compton's 195 pound fullback. When the team was being held for no gains in other plays, White carried the ball through for yards.

Three times the Compton team threatened to score, but failed at the crucial moment, either through fumbles or through the tightening of the Pirate line. Pasadena was in a position to score twice, but the Puma squad was too much for them.

The Turkey Day victory gives Pasadena a claim to the Southern California junior college conference championship.

Berdoo vs. Chaffey

San Bernardino junior college gridders smothered the Chaffey Tigers under a 52-0 deluge of touchdowns on Thanksgiving Day in the Gate city. The Indians, due to Pasadena's defeat of Compton, are now league champions, and have brought a most welcome victory to the new school only in its second year of existence.

FULLERTON GIRLS BEAT SANTA ANA

Teamwork was the password of the Fullerton co-eds who humbled the J. C. girls to a 19-4 score last Wednesday. Due to group work which had not enabled the Santa Ana girls from the different teams to work together, they were not as efficient in cooperative play as they might have been.

The lineup:

Santa Ana		Fullerton
Richards	F	(c) Arouses
Reynolds	F	Stives
Harnois	F	Crowe
Isch	C	Arroues
Prather	C	Quinn
Grey	C	Wagner
O'Brien	G	

Pomona Beats Citrus
